Digital SunRise Dawn/Dusk Simulaor Alarm Clock

The Digital SunRise Alarm Clock dawn simulator gently wakes you to a simulated sunrise rather than jarring you awake with a loud noise. Waking to the SunRise Clock dawn simulator can help you start the day in a better mood and feeling more refreshed.

The Sun Clock Awakening Method - The light of this sun alarm clock slowly begins to shine 30 minutes before your wake-up time, gradually illuminating the room and becoming brighter until it is time for you to awaken.

Additional Features of the SunRise Clock - This sun alarm clock offers a number of additional programmable features, including the ability to set different dawn and dusk cycles ranging from 15 to 90 minutes, display brightness controls, an automatic night light, "snooze" feature and more..

- Brightness: 250 lux at 18"
- Bulb: 60 watt incandescent, 120 Volt AC, E-12 candelabra base
- Dimensions: 10" wide x 7" tall x 7" deep

Soleil Sun Alarm Clock with 300Watt Controller

The Sun Alarm SA-2002 is a compact clock radio that acts as a natural sunrise which wakes you feeling calm and relaxed. It combines the features of a traditional alarm clock with exciting new way to start the day. Specially built-in light of the Soleil Sun Alarm gradually increases intensity, simulating a natural sunrise. You body wakes instinctively, as if waking with the light.

- Easy-to-read Digital Display
- Super Bright Krypton Bulb
- AM/FM radio
- Snooze button
- Flash & Beeper - Are you a heavy sleeper? These selectable features assist with waking by flashing or beeping at the end of the alarm cycle.
- Sunset - A great feature for the kids room.
- Nap Timer - When taking a nap, there's no need to reset the alarm time with this feature. Nap timer can be activated at intervals from 15 to 120 minutes.
- Security - Automatically turns the lamp on at random intervals to give the impression that someone is at home.
- UL approved transformer **Increase the power of the Sun Alarm to 300 Watts.**

"Full Power" mode allows use of light boxes for treatment of Seasonal Affective Disorder. The SA-300W controller allows you to use lamps up to 300 Watts with the Sun Alarm.

Rise & Shine® Natural Alarm Clock® Bedside Lamp

By simulating the rising and setting of the sun with synchronized light and sound, the Rise & Shine® Natural Alarm Clock® Bedside Lamp helps you regain and maintain your body's natural Circadian balance through the countless demands of daily life.

Sleep well, wake refreshed! Circadian rhythms — on your own schedule. Here's a radio, alarm clock, nature sounds, and lamp all in 6.5" of space. Come morning, the Rise & Shine® lamp slowly brightens and the high-fidelity speaker increases volume over 5-60 minutes so you wake gently to your favorite AM/FM radio station or birds, harbor, village, brook, ocean, forest, rain, or breeze sounds. At night, the process reverses to help you sleep. Lamp also provides Natural Spectrum® light for reading. Display color adjusts to 7 different hues and high/low brightness. Graphite or Ivory. Linen shade, snooze button, adjustable color display. Plus, so that sounds only wake you: **includes FREE pillow speaker (\$19.95 value).**

4-in-1 Functionality: Alarm clock, AM/ FM radio, nature sounds, reading light

- Super-Bright Xenon Technology: Advanced bulb generates energizing, room-filling brightness equivalent to 150 W of ordinary light but uses just 60 W worth of energy ... lasts 2,000 hours
- Built-in high-fidelity mylar speaker: rich, clear sound at any volume
- Therapeutic value: 8 digitally mastered recordings of soothing sounds can be used anytime to reduce stress, promote well-being, and elevate mood
- Best-in-class Remote Power Adaptor: Microprocessor and Flicker Elimination Technology™ assure no-buzz operation and flicker-free illumination
- Guaranteed Performance: Satisfaction guaranteed by Verilux® — for 50 years the leaders in Natural Spectrum® indoor
- Sunlight — and backed by 3-year limited warranty.

Sunrise System Model SRS100US

The Sunrise System SRS100 Dawn Simulator uses the latest technology to create a natural way to awaken. Just plug your own bedside lamp into the Sunrise System, choose the settings to suit your lifestyle and your lamp will imitate sunrise and sunset.

The **lamp mimics a morning sunrise** and it will reach full brightness at the alarm wake up time you have chosen.

Sunrise and sunset times are programmable by the user and can be set between 15 and 90 minutes.

Features

- Wake up gently to simulated sunrise
- Relax to restful sleep with simulated sunset
- Sunrise and sunset programmable between 15 and 90 minutes
- Optional alarm sounder
- Dim your bedside lamp to watch TV
- 7 day programmable alarm
- Random security light option
- Designed by British engineers
- Clear instructions for simple set up

Sunrise System USA Model SRS200US

The SRS 200 Dawn Simulator combines the innovative features of the original Sunrise System (100) with an integral lamp to enable you to wake or relax with dawn or dusk light simulation set to suit your own pattern of waking and sleeping.

Features

- Wake up gently to simulated sunrise
- Relax to restful sleep with simulated sunset
- Sunrise & sunset programmable between 15 – 90 minutes
- Integral 60W light (use of daylight bulb optional)
- Text Display shows Year, Month, Date, Day and Time
- Optional alarm sounder
- Dim your bedside lamp to watch TV
- 7 day programmable alarm
- Option to choose between languages on display (English, French, German, Spanish and Swedish)
- Large orange backlit LCD display clearly indicates the function being altered/set
- Random security light option to turn lamp on and off whilst you are away
- Power fail back up
- Clear instructions for simple set up
- Designed by British engineers

Sunrise System SRS250US

The SRS 250 Dawn Simulator combines the innovative features of the original Sunrise System (100) with an integral lamp and a built in stereo MP3 player to enable you to wake or relax with personalized dawn/dusk light simulation and sound or music.

The integral lamp mimics a morning sunrise and it will reach full brightness at the wake up time you have chosen. At that time you can either wake to a sounder or to the music, sound or radio program of your choice. Alternatively you can choose to wake with just the dawn light simulation.

Features

- Wake up gently to simulated sunrise
- Relax to restful sleep with simulated sunset
- Quality stereo MP3 player
- Wake up to your own choice of music or a downloaded radio program MP3 file
- Relax to sleep sounds or music
- Sunrise & sunset programmable between 15 – 90 minutes
- Integral 60W light (use of daylight bulb optional)
- Text Display shows Year, Month, Date, Day and Time, as well as MP3 title and artist.
- SRS 250 is supplied with a FREE 32MB smart card with pre-recorded sleep sounds
- Optional alarm sounder
- Dim your bedside lamp to watch TV
- 7 day programmable alarm
- Option to choose between languages (English, French, Italian, Spanish, German, Flemish, Swedish, Norwegian, Danish, Finnish)
- Large orange backlit LCD display clearly indicates the function being altered/set
- Random security light option to turn lamp on and off whilst you are away
- Power fail back up
- Clear instructions for simple set up
- Designed by British engineers
